### WORKSHOP ON CURRICULUM DEVELOPMENT in HIGHER EDUCATION March 29- March 30, 2017

**Department of Education  
SNDT Women's University  
Mumbai 400020**

Phone no .: 022 22075690  
e-mail: [educationmumbai@sndt.ac.in](mailto:educationmumbai@sndt.ac.in)

### About SNDT Women's University:

Established in 1916, in the heydays of the social reform and nationalist movements, the SNDT Women's University is the oldest and largest women's university in Southeast Asia. Representing the confluence of ideas of gender justice and nation building, through women's participation in higher education, the University strives to be worthy of the vision and wisdom of Bharatratna Maharshi Dhondo Keshav Karve. Maharshi Karve's remarkable achievement was made possible by the generosity of Sir Vitthal Das Thackersey. Since its early beginnings with student strength of five women, the university has grown to over 50,000 students. In 1950, the university received statutory recognition and has through the decades, developed a unique and distinct model of higher education. The university has completed 100 years and received 'A' grade from NAAC. It aims to provide an excellent socio-cultural and intellectual milieu for women to develop their full potential to take their rightful place in society.

### About Department of Education:

Department of Education was established in 1971 at Churchgate campus of the University. Department offers M.Ed., M.A. (Education) and Ph.D. programmes. Department has qualified, enthusiastic, competent and committed faculty members. Department is committed to offer quality education. "Quality in every Activity" is motto of the Department.

### About Workshop:

The effectiveness of any education programme is judged in terms of the product i.e. the students who completed the programme. The product will be of good quality when the curriculum is properly developed and transacted. It is observed that boards of studies in different subjects are given the responsibility to frame the curriculum. The experts are thorough in their subject but does not possess scientific knowledge of curriculum development. Hence there remains some drawbacks in the process. New boards of studies will be formed as per New Maharashtra University Act, 2015 in near future. There is a need to orient the faculty members about systematic process of curriculum development. Therefore, this workshop has been organized

### Objectives of the Workshop

The participants will be able to:

- 🕒 Use principles of Curriculum design for developing credit based modular curricula
- 🕒 Design evaluation strategies/assignments for each module
- 🕒 Suggest learner-centred learning strategies for the course
- 🕒 Evaluate curricula by using appropriate model

**Target Audience:** Teachers teaching at higher education level
